

## PRESS RELEASE

Halmstad, 11 December 2012

### Power production

Power production in November was 38.2 GWh. Of this, approximately 10.5 GWh refers to the company's share in the Jädraås wind farm. Production at the company's wind farms in southern Sweden were below target, but this was offset by production at the Jädraås project, which was significantly ahead of target.

#### **About Arise Windpower**

Arise Windpower is one of Sweden's leading companies in onshore wind power. Its business concept is to sell electricity generated at the company's own wind turbines. The company's target is to have 1,000 MW of onshore wind power constructed and under management by 2017, of which 500 MW will remain in the ownership of the company. Arise Windpower is listed on NASDAQ OMX Stockholm.
