

PRESS RELEASE

Halmstad, 15 February 2013

Power production January 2013 – 47.9 GWh

Power production in January 2013 was 47.9 GWh, an increase of approximately 50 per cent compared to January 2012 (31.8 GWh). Of this, 21 GWh refers to the company's share in the Jädraås wind farm.

Production at the company's wind farms in southern Sweden were below target, while the production at the Jädraås project were slightly over target.

About Arise Windpower

Arise Windpower is one of Sweden's leading companies in onshore wind power. Its business concept is to sell electricity generated at the company's own wind turbines. The company's target is to have 1,000 MW of onshore wind power constructed and under management by 2017, of which 500 MW will remain in the ownership of the company. Arise Windpower is listed on NASDAQ OMX Stockholm.
