

## PRESS RELEASE

Halmstad 5 April, 2019

### Power production in March 70.2 GWh

Better winds than normal in March resulted in a power production of 70.2 GWh, compared to the month's budget of 59.0 GWh.

Of this 38.8 GWh refers to Own wind power production and 31.4 GWh to Co-owned power production, compared to the month's budget of 31.1 GWh and 27.9 GWh.

From April, Co-owned production will not be included in production figures because Arise's shareholding in Jädraås was divested at the end of March.
