Important milestone achieved for project Kølvallen

The Environmental Permit Office (Sw. Miljöprövningsdelegationen) of the County Administrative Board has granted an environmental permit for 45 out of 47 turbine positions in project Kølvallen, owned by Arise.

The permit can be appealed to the Land and Environmental Court (Sw. Mark- och miljödomstolen), which normally is the case.

Daniel Johansson, CEO, Arise AB:

"It is good news that Kølvallen has reached this important milestone towards realisation. By virtue of its size and potential, Kølvallen is our most important and best project".
